

MOBILE TESTING INFORMATION

Harris County Public Health and local public health agencies are providing community-based mobile testing sites to residents who need it the most.

TEST RESULTS

People who are tested at our mobile locations will receive their results via email from Baylor College of Medicine. The email address will be coronavirusscreen@hgsc.bcm.edu and the subject line will be "Your SARS-CoV-2 (COVID-19) Screening Test Results [secure]". The email will include a secure link to access results via Proofpoint. If you do not have an email address, you will receive a phone call from Harris County Public Health. The phone number with your testing results will be 832-927-7575.

ABOUT MOBILE TESTING

The mobile drive-thru testing sites have been scheduled in partnership with Harris County Commissioner's Precincts and other partners.

The goal of implementing our mobile testing sites is to maximize our reach across Harris County. Harris County Public Health wants to ensure our residents have multiple options and access to FREE COVID-19 testing.

While you wait for your test results, we urge you to continue self-isolation.
